## CONSTRUCTION INFORMATION

In an effort to improve traffic flow through a town that lies on the well-worn path to Lake Superior's North Shore, the city of Two Harbors will have to deal with slowed down traffic while improvements are being made. While this may cause a slowdown, the Minnesota Department of Transportation (MnDOT) is working closely with the City of Two Harbors to lessen the impact for everyone in town.

The project has three sections, with separate, though sometimes overlapping, time lines. The construction times are proposed to start in mid-May and continue through October.

- Heading out of Two Harbors, Highway 61 will be down to one lane from May through October all the way to the Silver Creek tunnel as a direct entrance to the city's campground is constructed, and mill and overlay is completed.
- Late July through early September will see the slowdown of traffic with construction at the primary intersection on the north end of Two Harbors.
- Starting the first week in September. Parking will be limited, side streets will be closed at times, and some work will necessitate closing down to one lane.

### HOW DOES THIS IMPACT ME PICKING UP MY CHILDREN FROM CAMP?

We are not sure how long the delays will be and they will increase as the mornings/afternoons proceed. Please plan for an extra 45 minutes - 1 hour into your trip to Wolf Ridge.

For more up-to-date information on time delays and construction information, please use Google Maps or the MnDOT Traffic Website at <http://www.511mn.org>

### HOW DOES THIS IMPACT THE WOLF RIDGE BUS?

The bus leaves from Wolf Ridge at 8:30 AM on Saturday mornings. Please understand that we do our best to watch the traffic conditions. With this in mind, we have altered our drop off times on Saturday's and will stay in contact with parents/guardians if they are altered greatly from those new times.
